A SAD TALE!

Or How They Socked it to Him.

"Man wants but little here below,
But wants that little long."
At least 'tis true, as all do know,
If the fit of his socks is wrong.
But of all the wrongs he has to bear
And with christian fortitude meet,
In magnitude none can compare
With that of sock discolored feet.
If at night he removes his socks
And finds his feet an inky hue,
His language strong, his good wife shocks
And turns the atmosphere to blue,
His one ambition all else mocks,
And this passion fairly thrills him,
He thinks of him who sold the socks
And his own joy when he kills him.
This hitherto quite upright man,
—A creature now thirsting for gore—
And all this trouble first began
By his mistake about a store.
For if he had but come to us
And bought the kind we always sell,
The wrecked life of this poor cuss
We would not now have had to tell.

The moral of this sad, sad tale
Is plainly seen by every eye—
When you buy socks, you should not fail
To see the mark—"Hermsdorf's Dye."

These goods in all grades, for Men, Women and Children, can always be found at

SABBATH OBSERVANCE.

Christian People Scored for Their Lax Views.

The Presbyterian General Assembly Denounces Sunday Excursions, Ball Games and Bicycle Riding.

SARATOGA, N. Y., May 22.—The second day's session of the Presbyterian general assembly was opened with devotional exercises, led by Rev. George D. Lindsay, of Galena, Ill. The business of the day consisted in the reception of the reports of the special committees appointed in 1895. At the sessions late yesterday afternoon John L. Wintbrow was elected moderator and when he took the chair this morning he announced some of the standing committees as follows:

Bills and Overtures—Ex-Moderator, Dr. Robert B. Booth, of New York.

Judicial Business—Dr. Francis C. Monfort, of Cincinnati, who was appointed in place of Dr. David D. Breed, who was interested in a case that was to come before this committee.

Church Polity—Dr. John R. Davies, of New York.

Home Missions—Dr. Wm. H. Kane, of Bloomington.

Foreign Missions—Dr. Benjamin C. Henry, of Canton, China.

Education—Dr. Everett B. Thompson, of Crawfordsville, Ind.

Church Erection—Dr. Wm. F. Jenkin, of Mount Clair, N. J.

Theological Seminaries—Dr. David R. Breed, of Pittsburg.

Ministerial Relief—Dr. Geo. B. Stewart, of Harrisburg.

Aid for Colleges—Dr. Thos. F. Clelland, of Duluth.

Benevolence—Rev. Henry G. Smith, the newly elected professor of theology at Lane seminary, Cincinnati, Ohio.

Other committees were promised for Monday.

The report on the committee on the denominational missionary periodical was made by Dr. McCush, of Philadelphia. It showed successful operation during the year in spite of a slight decrease in circulation. An outline of a Christian training course for young people's societies was proposed on behalf of the periodical, and after some discussion was adopted.

Dr. John Fox, of Brooklyn, reported on the temporalities of the church, recommending a change in the constitution of the church in regard to the office of deacon, and suggested that the property of the church be committed to the board of deacons whenever possible.

On account of a point of law contained in the report on temporalities, it was continued, and made a special order for tomorrow morning. Special reports on new editions of the constitution of the church and of the digest of the deliverances of the assembly were made by the stated clerk, Dr. Roberts. The final report of the morning called forth a warm discussion. It related to Sabbath observance and was presented by Elder Wm. R. Worrell, of New York. The report denounced all work on Sunday; various theories of individual liberty, excursions, ball games, bicycle riding, lax views of the Sabbath, social entertainment and the Sunday newspapers. Christian people were scored for their lax observance of Sunday.

The resolutions, which were adopted, reaffirm former deliverances as to the perpetual binding obligation of the Sabbath. They also commended the efforts made in Sunday schools and young people's societies for the better observance of the Sabbath; appointed the last Sunday in October as a day for the special consideration of the subject, and commended the work of the American Sabbath union and its auxiliaries.

Rev. L. P. Main, of Kearney, Neb., "introduced a resolution expressing lack of sympathy with the criminal prosecution of those persons who honestly and conscientiously observe the seventh day of the week instead of the first," but he met with opposition and his motion was tabled.

JACKSON PARK.

It Will be Turned Over to the Commissioners.

CHICAGO, May 22.—Tomorrow, the wreckers, who have for nearly three years been removing the remains of the great world's fair, will formally turn the grounds over to the Jackson Park commissioners. The only things that remain as a reminder of the grandeur are the art palace and La Ribida convent, both of which are well preserved, the dilapidated German building and the badly soiled statue of liberty. The park commissioners will at once begin to restore the desolate ground to its former beauty as a park.

KILLED A BURGLAR.

Caught in the Act of Robbing a Store.

YORK, Pa., May 22.—George W. Holtzinger, of Holtz, this county, discovered a burglar in his general merchandise store this morning. On being apprehended by Mr. Holtzinger, the burglar attempted to escape. Mr. Holtzinger called upon him to halt, and then shot, killing the man instantly. He has not yet been identified.

HESSIAN FLY

Doing Great Damage to the Wheat Crop.

TOLEDO, Ohio, May 22.—The grain firm of C. A. King & Co., during the past four days, have received 4 368 crop reports. Prospects for winter wheat is very favorable in Kansas, and most of Michigan, Missouri and Illinois fair, Indiana becoming worse and promises less than three quarters of an average crop, owing mostly to the hessian fly. Ohio trifle over half crop. Prospects in six states averages trifle worse than two weeks ago. Recent rains have been beneficial. Kansas and Missouri show slight improvement. Illinois and Ohio no change. Indiana suffered materially from hessian fly and drought. Michigan had excellent prospects but some sections are badly damaged by hessian fly. Harvest will average ten days earlier than last year.

SCHOONER SUNK.

The Sunrise Runs Into a Whaleback Freighter

And Sinks in the Middle of Lake Michigan—The Crew of Eight Saved.

CHICAGO, May 22.—The schooner Sunrise was sunk by collision with whale back No. 133, in tow of the steamer W. H. Gratwick, in midlake, about sixty miles from Chicago, yesterday. The crew of the lost schooner arrived here this morning on board the Gratwick. When the collision occurred the schooner's boat was immediately lowered and the eight members of the crew succeeded in getting into it before the Sunrise went down. Louis Brossy, the mate, was badly jammed between the yawl and the schooner. The lost schooner was bound light to Cockburn island.

KNIGHTS OF PYTHIAS.

A New Method of Holding Its Conventions.

Will Divide the Country Into Four Districts, Eastern, Western Northern and Southern.

MILWAUKEE, Wis., May 22.—As an outgrowth of the decision by the national body of the military of the order of Knights of Pythias not to hold any national encampment this year, because of the action of the Western Passenger association, a union encampment of the brigades of Wisconsin, Iowa, Illinois, Nebraska, the Dakotas, and probably several other northwestern states, will be held with the Minnesota brigade at Minneapolis during the first week in September. For this union or division encampment, the city of Minneapolis will carry out all the arrangements intended for the national gathering, including the raising of $5.000 in cash prizes for drills, etc.

A similar encampment will be held about the same time at Columbus, Ohio, for the middle states, and probably another for the southern states at Nashville. Among prominent members of the military department it is believed that this will be the beginning of a general division of the uniform rank into four sections, to be known as the eastern, western, northern and southern, the object being to hold union or division encampments every second year, and a national encampment every fourth year, instead of every three years as at present

COLUMBUS, Ohio, May 22.—M. A. Bride, grand chancellor of the Knights of Pythiss of Ohio, being shown the message from Milwaukee says the supreme lodge will meet in Cleveland, Ohio, August 24 31, and at the same time and place the national encampment of the uniform rank will occur. There will not be any encampment at Columbus.

METHODIST HOME MISSIONS.

Women of North Indiana Conference Meet at Muncie.

MUNCIE, Ind., May 22.—The thirteenth annual meeting of the Woman's Home Missionary society of the North Indiana conference of the Methodist Episcopal church convened at the High street church yesterday afternoon, with about a hundred delegates in attendance. The president, Mrs. G. N. Eldridge, of Anderson, had charge of the devotional service. Mrs. G. H. Hill made the welcoming address on the part of the church, and Mrs. McCarthy the welcome on the part of the local auxiliary. Mrs. John Sale, of Fort Wayne, made the response. After their speeches the president made a highly interesting address. The following committees were appointed:

Resolutions—Mrs. L. R Hartman, of Fort Wayne; Mrs. Gregg, of Decatur; Mrs. Lee, of Hartford City.

Enrollment—Mrs. Mitchell, Muncie; Mrs. Burr, Newcastle.

Place of Next Meeting—Mrs. Titus, Elkhart; Mrs. Harlan, Logansport.

Home Missions—Mrs. Keltner, Anderson.

Nominations—Mrs. Freeligh, Anderson; Mrs. Bear, Wabash; Mrs Studebaker, Bluffton; Mrs. Daniels, Richmond; Mrs. Barnett, Logansport; Mrs. Titus, Elkhart, representing each district.

The six corresponding secretaries were selected to frame next year's work.

Miss Florence Jackman, superintendent of the Bennett home, Clarkson, Mass, made an address.

Last night devotional exercises were conducted by Mrs. Herrick, of Muncie. Mrs. F. V. Chapman, superintendent of the Ritter home, Athens, Tenn., made an address.

Anderson, Wabash and Elkhart are candidates for the next meeting. The convention closes tonight.

EPISCOPAL RESIDENCES

Is the Interesting Subject of Discussion.

The Conference Takes Charge of the Assignments and the Bishops Must Abide by the Decisions.

CLEVELAND, Ohio, May 22.—A struggle for the location of an episcopal residence in the northwest, marked the opening of the Methodist conference today. The location as recommended by the committee was Portland, Ore. The friends of a foreign residence desired to amend by submitting Shanghai, while Tacoma was named also. After much discussion, the recommendation for both Shanghai and Tacoma were laid on the table and Portland was named. This completed the list.

For secretary of the Sunday school and tract society but one ballot was required. On the first ballot Dr. Hurlburt received 276 out of 413 votes cast, thus electing him.

But one ballot was necessary to elect a secretary of the board of education. Those nominated were Dr. Charles H. Payne, the present incumbent; George H. Bridgeman, of Minnesota; C. C. Lashy, of Nebraska, and W. N. Brodbeck, of New England. All promptly withdrew their names, except Dr. Payne, and he received all the votes, 367 in number.

The manner in which the bishop shouted the assignment to cities was the cause of a great deal of argument. The committee reported in favor of the bishops selecting their residences in the order of their election, but those who desired to continue in any specified place was to have the right to so remain. Many were the arguments made for and against the latter portion of the report. Various motions to amend were lost and finally Dr. A. J. Kynett proposed a substitute by which the conference should assign the bishops to their residences. By this plan the conference took entire control in its own hands and left the bishops out in the cold. It has been a much disputed question and the debate was spirited.

The test came on a motion to lay the substitute on the table, which prevailed by a vote of 229 years to 199 nays. The report as substituted was adopted.

The election of editor of the Methodist Review was short and brief. Dr. W. V. Kelley, who has served as editor for some time, was nominated and was elected on the first ballot by receiving 265 votes out of 449 cast. The remarkable popularity of Dr. J. M. Buckley was shown when nominations for editor of the Christian advocate were called for. The only name presented was that of Dr. J. M. Buckley, the present editor. Three attempts to suspend the rules and nominate him by acclamation failed by reason of Dr. Buckley's protest against such action. When it was announced that Dr. Buckley had received 414 out of the 440 votes cast, the applause was deafening. From all parts of the hall came cries for Buckley and he finally rose where he was sitting. Shouts of "take the platform" arose, but Dr. Buckley shook his head and attempted to speak. His voice was drowned in the applause and for several moments he tried to speak, but was finally forced to take the platform, where he said he construed the vote to mean "leave to print." It was the most remarkable demonstration of the conference.

MASKED ROBBERS.

They Enter the Residence of Dr. H. A. Duemling.

Overpowered a Young Girl and Then Ransacked the House—A Daring Piece of Work.

Two masked men committed a most daring robbery last night, at the residence of Dr. H. A. Duemling, No. 200 East Jefferson street. They perpetrated their deed and succeeded in making their escape without leaving any clue to their identity.

During the evening Dr. and Mrs. Duemling were out riding their wheels, returning home about 9:30. Before entering the house they stood at a neighbor's gate and conversed with the neighbors for some time, and it was during this time that the robbery occurred. A young domestic of Mrs. Duemling was the only person in the house at the time.

It was nearly 10 o'clock that two men wearing masks over their faces suddenly made their appearance in the room in which the girl was sitting. She was dumfounded and frightened at their coming. One man asked where the doctor was and the girl replied that he and his wife were not at home. Then one of the robbers seized the girl and threw her upon a lounge and stuffed a handkerchief in her mouth, at the same time warning her under pain of death to remain quiet. The other robber began ransacking the house in search of booty. Dr. Duemling's desk was pried open and the contents scattered upon the floor. His safe, which stands next to the desk, was attacked but the burglars gave it up without succeeding in opening it.

While the robbers were at work Dr. and Mrs. Duemling arrived in the house and their coming scared them away. The villains entered the house through the cellar and left by the same route.

So far as could be learned this morning they secured no booty. They did not have time to go upstairs, where they would perhaps have found a lot of jewelry, etc.

As soon as Dr. Duemling learned of what had happened he called the police and Detective Coling is looking up the case. The girl says that the only thing she knows about the robbers is that one of them had red hair. The job was one of the boldest and most desperate that has been committed in this city in many a day.

INDIANA ODD FELLOWS.

Discuss the Matter of Erecting a New Temple.

INDIANAPOLIS, Ind., May 22.—The Indiana grand lodge of Odd Fellows met with about 1,000 members present yesterday. The chief matter before the grand lodge was the question of erecting a new lodge hall as recommended by the trustees in their annual report. The idea is to sell the present property at the corner of Pennsylvania and Washington streets and erect upon a cheaper location a magnificent building. The report was adopted this afternoon and the plan will go through. The following officers were elected: Grand master, J. L. Reinhard, Indianapolis; deputy grand master, R. P. Davis, Fort Wayne; grand warden, Edwin Farrer, Rushville; M. H. Chappell, Knightstown; O. N. Craynor, Muncie; H. L. Williamson, Fort Wayne; G. P. C. Newman, Anderson; J. E Edmondson, Hammond; J. F. Seward, Columbus; D. S. Searis, Marion; J. F. Lewis, Vincennes, and J. E Allison, Logansport; grand secretary, B F. Foster, Indianapolis; grand treasurer, James A. Wildman, Indianapolis; representative to sovereign grand lodge, C. F. Northern, Greencastle; trustee of grand lodge, George Shirts, Noblesville.

Flooded River.

ST LOUIS, Mo., May 22.—The river is rising steadily because of the heavy rain storms which have swelled its tributaries in this and adjoining states. No damage in this vicinity has been done yet, except the overflow of low lands skirting the river. At Alton, Ill., the flood prospects is becoming alarming. There the river is fairly out of its banks and thousands of acres of low lands are being flooded, with their growing crops. Tenants are moving to higher ground.

MAY FESTIVAL.

Mr. and Mrs. Harrison See "Sampson and Delilah."

The Size and Character of the Audiences Speak of the Excellence of the Performances.

CINCINNATI, O., May 22.—There is no diminution of interest in the concerts of the May Festival association. Their social eclate has been heightened by the unheralded presence of ex-president Benjamin Harrison and his bride. They were naturally the center of attraction, but they were not strangers. Mr. Harrison's ancestral home is in the suburbs and Mrs. Harrison's mother spent the greater part of her life near Cincinnati. The managers of the festival are proud of the size and character of their audiences so far, and are especially pleased with the general verdict of delight in the performance of Sampson and Delilah. All the soloists, the orchestra, and even the chorus, are strongly commended for the work done. Only three more concerts remain, in which two new soloists are to be introduced—Klafsky and Corinne Moore Lawson. The advance sale of seats for these has been very large.

MURDERED.

The Dead Body of Griffin Roberts Found.

HAZELTON, Pa., May 22.—Griffin Roberts, superintendent of the Lehigh and Wilkesbarre Coal company's collieries in the Honeybrook district, was found last night with his skull fractured. He died at the hospital here today. A piece of gas pipe stained with blood was found near where the body lay, indicating that he was murdered.

HOWLING DRUNKS.

A Washington House Gang on the Streets.

Police Arrest Several of Them and Keep the Patrol Wagon Busy All the Morning.

The disreputable Washington house came into public prominence again this morning. This joint is without doubt one of the worst in the city and it is a burning shame that it is allowed to exist, and more especially so since it is right in the heart of the city, and on one of the most prominent corners on Calhoun street.

For several weeks past a gang of men have boarded at the Washington house. Yesterday they went on a big drunk, or at least a number of them did, and since that time the dive has been ringing. Several of the gang were run in last night by the police and this morning the mayor sent them to jail. This morning a gang of five of the Washington house boarders got drunk again and started out on Calhoun street cursing, swearing and making themselves obnoxious to everybody. Officer Dickson was called to the Washington house about 9 o'clock this forenoon to arrest one of the fellows who was raising a disturbance. Just after the patrol wagon drove away with this one Dickson found another one of the gang on the corner of Calhoun and Wayne streets. He placed him under arrest. The drunken man fought hard and it was necessary for the officer to throw him upon the sidewalk and use him rather roughly in order to keep him until the patrol wagon could arrive.

At that time the wagon had a load of prisoners who were being taken from police court to the county jail. They went on to the jail and left their prisoners and started back to the station. When they reached the corner of Calhoun and Main streets they were met again by Officers Dickson and Aiken, who had another one of the drunken gang. They took the two drunks to the station and locked them up and in a few minutes another call came in and the wagon ran to Calhoun and Main streets again and got the fourth member of the tough crowd. Officer Phipps had arrested him.

The police are keeping a close watch on this crowd today and will keep them off the streets, arresting them as fast as they are found drunk.

NEW POLICEMEN.

Three Appointed by the Board of Public Safety.

John Pageler, John K. Stephens and Patrick Murphy Are the Men—Big Police Court.

Three new policemen have been appointed by the board of public works. The board held a meeting last night for the purpose of acting upon the requested resignations of Officers Bowers, Buechner, Tanner and Lamb. Bowers and Lamb sent in their resignations and they were promptly accepted. Tanner and Buechner did not resign but their resignations were accepted anyway. The board then appointed John Pageler, John K. Stephens and Patrick Murphy on the force and will appoint another one to complete the four at a later meeting.

DRUNKS AND VAGS.

Mayor Scherer had a motley gang before him in police court this morning. There were seven vags and seven plain drunks. Sheriff Clausmeier and his deputies captured five of the vags yesterday evening. They were making things lively at the west edge of the city and a telephone message was sent to the sheriff and he went out with a posse. There were about twenty-five in the gang but the officers succeeded in capturing but five of them. The rest made their escape.

The drunks were nearly all laborers on the Swift park electric line. They had a pay day yesterday and a large number of the gang has been on a drunk ever since they received their money. One of the drunks was a fellow who was in the employ of the LaPearl show. It was his duty to watch and keep boys from crawling under the canvas. Yesterday afternoon he got drunk and allowed a number of lads to crawl under upon payment to him of five cents. He was caught at it and locked up. This morning he was slated for being drunk. The entire gang of fourteen prisoners went to jail.

WORRY KILLED HIM.

Henry W. Childs Fails in Business and Dies.

CLEVELAND, Ohio, May 22.—Word has just been received here of the death of Mr. Henry W. Childs, at Washington, this morning. Mr. Childs was senior member of the late firm of Childs, Groff & Co., whose failure three months ago caused such a profound sensation. It is believed that death was caused by worry arising from the failure of the firm.

Childs, Groff & Co. were wholesale boot and shoe dealers, and their failure was due to the embezzlement of a junior member of the firm.

QUAY'S VISIT.

Journeys to Canton to See Governor McKinley.

CANTON, Ohio, May 22.—Senator M. S Quay, of Pennsylvania, accompanied by J. Hay Brown, of Lancaster, Pa., arrived in the city this morning over the Pennsylvania railway at 10 o'clock. Governor William McKinley, having received a telegram that Senator Quay would pay him a visit, met him at the station in the modest family carriage. To a reporter on the train Senator Quay declined to talk as to the object of his mission, saying merely that he was paying Governor McKinley a friendly visit. Mr. Brown said he was merely traveling as Mr. Quay's companion and had no knowledge as to the nature of his mission, and that Senator Quay intended returning east at 2 o'clock this afternoon. It is believed here this afternoon that the visit is friendly in every way.

FALLING TIMBERS.

Three Men Crushed, One Perhaps Fatally.

Accident at Grover Hill—Flouring Mill Frame Gets Away From the Men Who Were Raising It.

Grover Hill, a little village of about 1,500 inhabitants, situated on the Findlay, Fort Wayne and Western railroad, about thirty-five miles east of this city, was the scene of a bad accident this morning.

A large force of men were engaged in raising the frame work of the new flouring mill of Walsch & Stolts, which is now in course of construction. Owing to some misunderstanding between the men and the foreman of the work regarding some of the moves to be made with the braces, the heavy frame for a moment was allowed to rest upon some weak braces. The braces were not strong enough to support the frame, which fell with a crash, several of the workmen being caught and crushed under it.

The injured were the following:

Phillip Walsch, one of the members of the firm, left arm broken and body badly bruised.

Lawrence Walsch, son of the proprietor, left leg horribly mangled below the knee, right arm broken, collar bone broken and shoulder dislocated. Recovery doubtful.

Daniel Stolts, the other member of the firm, right leg broken below the knee and injured internally. May recover.

The injured were carried to their homes where they were attended by Drs. C. A. Bray, W. W. Tooker, C. Winters and J. J. Worley. The accident was the worst that ever happened in the little town and has caused intense excitement.

This is the third bad accident that has happened along the line of the Findlay road this week. On Sunday the depot at Baldwin was struck by lightning and destroyed. Yesterday the tile mill boiler at Tipton exploded, killing two men, and an accident at Grover Hill today is the third.

SENATOR QUAY, of Pennsylvania, would like to be the vice presidential candidate on the ticket with McKinley. We have no objection.

THE Laporte Argus, the personal organ of Lieutenant Governor Nye, has formally announced the withdrawal of Mr. Nye from the contest for the democratic nomination for governor. The statement is made that the health of Mr. Nye will not permit of the arduous work of a campaign, and that by the advice of his physicians he will take needed rest.

THERE are now seven Methodist bishops born in Ohio, viz., Merrill, Thoburn, Joyce, Walden, Foster, Cranston and McCabe. The United States could not run things well without Ohio.

ST. LOUIS should get the Methodist general conference instead of the republican national convention next time if it wants a stayer. It takes the preachers a good deal longer than one ballot to elect a bishop.

IT IS estimated that the coronation ceremonies will cost the Russian treasury $22 000,000. This will interest the tax payers in keeping the czar alive as long as possible to save the expense of his successor's coronation.

IT IS reported that a committee of New York republican business men, including manufacturers, merchants and others whose interests are deeply involved in the money question, will visit Major McKinley before the St. Louis convention meets and will ask him in plain terms if he is in favor of maintaining the gold standard, and they will ask him to reply, "Yes," or "No." They want an answer without rhetorical frills or other ornamentation.

SENATOR LINDSAY, of Kentucky, is expected to make an important speech Monday in the senate reflecting the views of the president, with whom he has been in consultation. The topic is to be the duty of congress to make some provision before adjournment for the maintenance of the gold reserve. Senator Linday will speak by authority of the president, and his remarks will, therefore, attract much attention. There is some talk to the effect that the president will follow the speech with a special message on the same subject.

AS A means of raising revenue the New York high license law is a pronounced success. Senator Raines, the author of the bill, states that the actual receipts for the first year for license fees will reach three and a half millions, or a half million more than was estimated by the friends of the measure. This is in keeping with the experience with high license laws in Pennsylvania and elsewhere. Original estimates have been exceeded uniformly and the license revenues have become important items in providing funds for state and local expenses. Fortunately high license laws have proved as efficacious in regulating and restricting the abuses of the liquor traffic as in increasing the public revenues, and there is no good reason to expect the New York law to prove an exception to this rule.

THE North American Review has an article on "Men Who Might Have Been Presidents," showing how nearly some who have been elected chief magistrate came to missing that honor, and how very narrowly others and some of them individually greater men, missed it. The writer concludes that in spite of the overwhelming confidence of the republicans, "nothing is more uncertain than a presidential election at any time, and prophecies of political wiseacres are worth little." Four years ago the republicans were almost as confident of success as they are today and yet they were beaten by a great majority in the electoral college. The chapter of accidents in connection with presidential nominations and elections has been full of surprises in the past and doubtless it has many others in store.

Gladness Comes

With a better understanding of the transient nature of the many physical ills, which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge, that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, laxatives or other remedies are then not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

NO GAME TODAY.

And today there is no game at Lakeside between Fort Wayne and Toledo. For some reason, which the people cannot understand, the Fort Wayne team packed their valises and went to Logansport this morning to play a game today with the amateur club of that city. This was a disappointment to the public who wanted to see the game today as advertised. One postponement was enough and two is too much for the people to stand. There will not be half as large a crowd at Lakeside tomorrow as there would have been today and the club's treasury will suffer in consequence.

THEY'RE HERE.

From Jackson, Torreyson's men go to Fort Wayne where they are scheduled, for three games with the Cleveland "Farmers." Hoosierville is all agog over the coming games and it is expected that large crowds will turn out. They want to see Toledo defeated above all others. It is needless to say that the Toledo boys are anxious to knock out their high priced rivals down there and will give the Fort Wayne fans a run for their money.—Toledo Bee.

THAT'S THE QUESTION.

Has Toledo struck the greased plank? The team that so handily shut out the Fort Wayne league sluggers and so handily beat Saginaw three straights only a fortnight ago? Two out of three at Fort Wayne this week would dissipate the clouds now hanging over the local base ball horizon.—Toledo Bee.

A HOOSIER PRODUCTION.

Tom Irwin, of Warren, is a pitcher of no mean ability and is known to many Huntington people. He signed with the Indianapolis team as pitcher but was "farmed out" to the Newcastle, Pa., team. He is already a prime favorite with patrons of the game at Newcastle, and his manager speaks in glowing terms of him. His pitching record so far is so much ahead of the average new man that it is almost sensational. He will be in eight games in Fort Wayne this season.—Huntington (Ind.) Herald.

SHOULD GIVE HIM A PHONOGRAPH.

Umpire Sheridan has the oddest voice yet heard here. He cannot make the crowd understand what he means, as he says "Three!" and "Strike!" in almost the same way. The only chance the mob has to understand what Sheridan says is by watching the motions of the catcher and batter. If the catcher kicks it's a ball; if the batsman howls it's a strike.—Chicago News.

BASE BALL

At Lakeside park tomorrow and Sunday. Toledo vs. Fort Wayne. Games called at 3:30.

THE MAY FESTIVAL.

An Unusually Attractive Program Arranged.

The third annual music festival of Fort Wayne, which is to be given at the Temple next Tuesday evening, promises to be an unusually notable entertainment, in that it will present a far greater coterie of famous artists and a more diversified and interesting program than those at any preceding festival.

The directors were offered the services of every artist who is available for oratorio work, and in making the selections they have arranged only for the appearance of those whose musical attainments are of the highest order, one of whom, Ffrangcon Davies, has a reputation in the old world as well as the new, as the greatest baritone of the present generation.

Miss Leo Long, the soprano, of this city, needs no introduction to local music lovers, her work has been of the best quality and her success in this class of music is well deserved.

The high standing of the contralto, Mrs. Elizabeth Forseman Bagg and the enviable reputation of the tenor, George J. Hamlin, is an excellent tribute to their ability, and in fact no such an array of artists has ever appeared in Fort Wayne.

Rosenbecker's orchestra, which has been engaged to augment with Reineke's orchestra, is an organization of skilled musicians, under the conductorship of Professor Adolph Rosenbecker, who have been playing together for several years, and who have been the feature of the annual musical festivals, held here the last three years. The chorus, under the direction of Professor Miles, from long training and careful teaching, has reached such a degree of perfection that it undoubtedly excels any chorus of its size to be found in the country.

NEWSPAPER FOLKS

Will be Royally Entertained In This City.

Local Arrangements for the Meeting of the Northern Indiana Editorial Association.

It is the intention of the newspaper people of Fort Wayne to give the visiting brethren a good time when they come to this city on the 10th and 11th of June to attend the annual meeting of the Northern Indiana Editorial association, which is to be held here on those days. To this end a meeting of the representatives of the press of the city was held at the Y. M. C. A. yesterday afternoon for the purpose of making such arrangements as would accomplish the object in view.

W. D. Page was chosen chairman of the meeting and Ellis Searles secretary. Mr. Page read the program which the executive committee of the association has prepared for the various sessions. Then the matter of entertaining the visitors was discussed. Miss Belle Clark, of the Journal, was appointed chairman of a committee to be composed of ladies who are connected with the press of the city, whose duty it shall be to arrange for a reception or other entertainment of the visiting ladies on the afternoon of Wednesday, May 10

An entertainment committee consisting of Sam Moffat, John T. Dougall and Frank Dildine, was appointed to arrange for an entertainment to be given at the Masonic Temple on Wednesday evening, in compliment to the visitors. The committee has charge of the program and all details.

Messrs. A. J. Moynihan, E. A. K. Hackett and Anselm Fuelber were appointed as a committee on finance. Prof. N. R. Leonard was chosen as chairman of the reception committee. He is to select his assistants. The printing committee, as appointed, consists of W. D. Page, H. C. Rockhill and Herman Hormel.

The next meeting will be held at the Y. M. C. A. next Monday afternoon.

On Wednesday evening, following the entertainment at the Masonic Temple, the Newspaper Union, of this city, will tender a banquet to the newspaper folks at the Wayne club. The Consolidated Railway company has offered the free use of cars on its lines for the use of the visitors during their stay in this city, and will give them an excursion which will be one of the pleasant features of the occasion.

STATE NEWS.

There is great complaint because dynamite and seins are destroying the fish in Pike lake.

Peter Lasley, eighty years old, of Randolph county, has been granted a pension of $12 a month, because of two sons killed in the civil war.

During the summer of 1894 there was an attempt to burn the plant of the Peerless glass factory at Converse, and John Delaney was indicted by the grand jury for arson. He was tried and acquitted, after which he brought suit against the company, claiming $10,000 damages for false imprisonment. During the trial the present week at Tipton a jury awarded him $2.500.

Otin Wagoner, of Huntington, undertook to shoot a cat which was killing his chickens, but he only wounded the animal. Instantly the cat sprang upon him, biting and clawing him about the hands and face, and with great difficulty, and not until he had been severely bitten and scratched, did Wagoner succeed in killing the infuriated beast. Wagoner is nervous over his injuries, fearful of hydrophobia.

MAY STANDISH.

An Actress Who Will Not Be Charged with Ingenious Advertising Methods.

A pretty blonde, May C. Standish, has distinguished herself lately in numerous ways. First she threw up a theatrical engagement because she was prevented by modesty from acting a part assigned her and next she instituted suit against the manager of the company.

Miss Standish was engaged by William Newell, representative of William A. Brady, manager of ex-Champion Corbett, to play the part of Georgette in "The Clemenceau Case." After awhile there was a redistribution of parts and she was requested to play Iza, the model whose wardrobe is decidedly scanty. This she refused to do. Thereupon she was discharged. She sued Mr. Brady, who admitted that he had promised to pay Miss Standish $30 a week but denied that there was any stipulation as to the time of her engagement. The jury, however, brought in a verdict for Miss Standish for $360.

CABALISTIC DOUBLE CROSS.

Explanation of the Mysterious Marks That Alarmed Oakland.

Some industrious canvassers must have been laughing very heartily in their sleeves for the last few days over the scare about mystic marks on doors and doorsteps, says the San Francisco Call. First the prevalence of these signs attracted attention in part of Oakland, and when the story of supposed mystery became public every careful house-keeper across the bay made search for the dreaded signs. Presently, as if impelled by some unknown infection, the marks were epidemic in Alameda and Berkeley.

That was bad, indeed, on the face of it, and consternation spread from the Encinal clear to Pinole. Ridiculous stories of boycotts and evil designs to be carried out through the medium of the door marks helped to inflame some of the timorous-minded people across the bay. It was with dread misgivings that women watched for the marks upon their doors and frequently the discovery was accompanied with a scream like a cry of pain.

"The horrid double cross! There it is!"

"What of it?" paterfamilias would ask.

"Well, the house is to be entered by burglars and robbed, and some of those terrible tramps are to burn it down, and we are to be boycotted or slaughtered."

Timid people on the San Francisco side of the bay felt so greatly moved by newspaper articles on the mystic marks that a general hunt for the double cross was made about the doors and garden gates, and when strange signs were found throughout the mission and western addition the word passed around: "I told you so!" That nightmare of a black lead-pencil mark, the double cross, was there on many a door, staring at the astonished householders like an apparition of some bilious dream.

After all, the mystery was easilly explained, although for many there was some dim cause for concern over the double cross, with an initial and dates, or an unmeaning scroll. The cross itself was similar to the character used to indicate number before numericals. It is the trade mark, so to speak, of an industrious set of canvassers who are going through the city for one firm, and it is placed on doors as a notification that the house has been tried. The initial denotes the canvasser and often a date expressed in figures, such as 3-2-'96 is added to tell the day the house was visited.

OFFICIAL INSPECTION.

General Manager Ramsey in the City Today.

The Pennsylvania Freight Agents Entertained Last Night—Wabash and Findlay Auditors in Fort Wayne.

General Manager Joseph Ramsey and General Superintendent H. L. Magee, of the Wabash, are due in this city this afternoon on the annual inspection of the company's lines and property. They laid over last night at the inspection at Toledo this evening. They are being accompanied over the eastern division of the system by Supt. E. A. Gould, Master Mechanic C. H. Doebler, Master of Transportation J. S. Stevens and Trainmaster C. E Wells.

THE FREIGHT AGENTS.

The special train bearing the Pittsburg freight agents left at 8:30 o'clock this morning for the east. The party is under the chaperonage of T. J. Foley and it includes the following agents: A. J. Flaharty, Bucyrus; J. B. Reynolds, Upper Sandusky; C. M. Mackay, Columbia City; J. E. Sawyer, South Montpelier, Ohio, which place they left this morning for Peru, thence to Andrews and this city and will complete Chicago; J. D. League, Upper Sandusky; J. J. Flanagan, Englewood; J. W. Burklett, Delphos; E. T. Wood, Chicago; W. M. Flaharty, Van Wert; J. H. Lones, Warsaw; G. A. Dodge, Valparaiso; C C. Smith, East Chicago; W. M. Foster, Hobart; J. A. Bell, Hamlet; W. Elber, Wanatah, J. H. Young, Hegewisch; A. J. Kurtz, Grand Crossing; J. Hoffman, Forest; W. W. Crooks, Ada; W. S. Stroupe, Dunkirk and J. E. Hanes, Plymouth. Trainmaster J. W. Clark, Chief Clerk Robert Lesrmonth, Freight Agent R. B Rossington and Road Foreman A. H. Polhamus are also in the party. Last night the agents held an informal meeting in the railroad Y. M. C. A. auditorium.

While they were upstairs the members of the Ladies' auxiliary prepared refreshments for them and when all was ready a messenger was dispatched to invite the visitors down to the reading room, where ice cream and cake were served. The inspection tour will end at Crestline this evening. The train is in charge of Conductor Jones, with Engineer A. Johnson at the throttle.

VOTING FOR AN ADVISORY BOARD.

The tickets for the election of members to the advisory board of the Pennsylvania Voluntary Relief association have arrived and the shopmen and other employes are now voting. All the ballots must be in by 6 o'clock on the evening of the 26th inst. W. E. Davis, the present incumbent, and Alfred Durnell, a tinner in the east shops, are the candidates for the office from the western division of the Fort Wayne line.

COST OF CAR BUILDING REDUCED.

The orders for 5 000 freight cars of various kinds, recently placed by the receivers of the Baltimore and Ohio road, were placed at very low prices. Some of the cars are to be built at prices that it has been supposed the work could not be done for, let alone giving builders a profit. The cost of production must have been reduced of late, however, as the works that are to turn out the cars all claim they will make a profit. Competition in bidding for the contracts was very brisk. The Baltimore and Ohio people intended also to place orders for seventy-five new locomotives, but the locomotive works wanted better profits than the car shops and it was decided not to place the orders for engines, but, as a more economical measure, to repair and put in condition some of the old locomotives on hand that can be made serviceable.

MINOR NOTES.

W. E. Shea, a Nickel Plate brakeman, is sick and off duty.

Nickel Plate Conductor Denbow is taking a few days' rest.

Engines 94 and 165 went to Stony Island shops yesterday for repairs.

Clarence Fryer, son of Louis Fryer, of the electric works, is suffering with a slight attack of pneumonia.

Thomas Comparet, stenographer at the Bass offices, has purchased a bicycle and rides to and from his work.

Rev. J. H. Green, janitor at the electric light offices, will leave tonight for Cambridge, Ohio, to remain over Sunday.

D. W. Shaw, a representative at St Louis of the Electric corporation, has returned to that city after a short visit here.

Frank Lightfoot has returned from Rock Run, Ala., where business for the Bass works detained him two or three weeks.

Last week an average of seventy sections of freight trains were handled on the Panhandle between Columbus and Pittsburg daily.

The Pennsylvania has placed a large number of its old style freight engines in the hands of a New York equipment company for sale.

F. H. Lane, of the arc testing room at the electric works, will leave this evening for Lancaster, Pa., to spend two weeks with his parents.

A. E. Robbins, superintendent of the Toledo division of the Columbus and Hocking Valley, has resigned and will go to his farm at Eaglesfield, Ind.

Christian Roesener, a Pittsburg car inspector, has gone to Valparaiso to take the place of Inspector Thyen, who has been granted a week's vacation.

A sixty-light arc dynamo to Sharon, Pa., and a 250-light incandescent machine to Hammond, La., were among the shipments from the electric works today.

Passenger engine No. 170 has been turned out of the Stony Island shops, thoroughly repaired. It will go into service on the Second district, Bellevue to Conneaut.

On Sunday the Panhandle had two long sections of passenger coaches carrying Italian immigrants, who have been promised work in railroad building in the far west.

W. L. Greenhalgh, auditor of the Wabash, and Mr. Peck, acting auditor of the Findlay, are here checking up the freight departments of their respective lines today.

Hugh Hogan, foreman of the Pittsburg machine shop, and his family, left on No. 8 last evening for Rochester, N. Y., to attend a reunion of the Hogan family.

A. B. Merriam, auditor of the Findlay, Fort Wayne and Western, left last night for New York City and other eastern points on busines for his road.

The Peoria board of trade has passed resolutions in memory of the late H. C. Parker, lauding him as a traffic man and expressing regret at his sudden demise.

Contractor C. E. Moellering is having the curb stones and other material for the Pontiac street pavement delivered upon that thoroughfare this week. Next Monday he expects to commence grading.

George L. Bradbury, vice president and general manager of the Brice lines, says he has as yet taken no steps to fill the position of traffic manager of the lines, made vacant by the death of H. C. Parker.

John S. Hines, the West Main street plumber, caught a German carp which weighed nine and one half pounds in the St. Mary's river yesterday. The preceding day he caught one which weighed eleven pounds.

Repairs and improvements on the Free Methodist church have been completed and that place of worship is now one of the most handsome little churches in the city. New seats have taken the place of the old ones.

Attorneys are taking evidence in the foreclosure suit of the Toledo, St. Louis and Kansas City, but so complicated are the interests that it is thought it will be many years before the courts get the snarls straightened out.

Clinton Igler has been foreman of the Vandalia shops and round house at Indianapolis since January 15, 1857, and still holds the position. The absorption of these shops by the Pennsylvania company, it is stated, is likely to leave him without employment.

The Chicago and Rock Island has just built at its shops and put into service a locomotive specially designed for high speed. It was built after plans which, it is believed, will enable the engine to run from eighty to one hundred miles an hour with several cars attached.

William Slater, ex mail carrier, came home from New Orleans last evening. He has been engaged for two years in looking after the interests of government employes who are entitled to pay for overtime. When the work is complete Mr. Slater will settle down in this city.

Yesterday was the anniversary of the birth of Robert Douglass, of the Wabash ticket office, and some of his friends reminded him most pleasantly of that fact. One of the presents received by the genial Bob was a pair of gold cuff buttons, set with diamonds. Mr. Douglass left at noon today for Three Mile Bay, N. Y., to accompany his mother to her home.

Conductors say that it is now as difficult to collect the tickets on a train of four coaches as it was on ten coaches before the mileage book came into so general use. The use of mileage is rapidly increasing, and a much larger percentage of the travel is now carried on that class of tickets than persons who have not investigated would believe.

Foreign roads have fallen into the practice of running cheap excursions for ball games and other amusements. Last month the Caledonian road ran an excursion from Aberdeen to Glasgow, 153 miles, at $1.68 for the round trip, or three and one-half mills per mile, and over 1,500 passengers were carried to witness a ball game, and for an extra twenty five cents the excursionists could remain over an extra day.

Supt. C. C. Reynold and the claim agent of the Chicago and Erie road were here yesterday, endeavoring to make a settlement with Mrs. John Uran, whose husband was so badly injured in a wreck at Lima, Ohio, last March that he died a few weeks later. The friends of the lady think she has grounds for a damage suit and have advised her to not compromise for a trifle. The Erie officials returned to Huntington last evening.

If You Will Use a Little Reasoning

and not be so influenced by the claim that catarrh is a blood disease, you can easily prove that catarrh is climatic Have you not the severest catarrhal attacks during winter and spring, and have you but little evidence of catarrh during the summer? Yes. Well, this proves it is a climatic disorder, it flaming the membrane of the nasal passages. It is a waste of time and money to invest in blood remedies. The proper treatment is a local application, and the most prompt to cure is that popular remedy, Ely's Cream Balm.

IS YOUR DIGESTION POOR?

A Sample and Full Information Concerning the New Discovery for Dyspepsia Sent Free to Any Address.

A great deal of interest has been excited recently in the medical profession by the discovery of a new preparation, which has made many remarkable cures in cases of dyspepsia and indigestion.

This remedy is not a secret patent medicine, but is a scientific combination of pure pepsin and bismuth and fruit salts, pleasant to the taste, in tablet form, and sold by druggists under name of Stuart's Dyspepsia Tablets. Dr. Erskine who tested the tablets in many cases with marked success, states that they act entirely on the food taken into the stomach digesting it perfectly, no matter how weak the stomach may be; they have no action on the bowels and do not physic, being purely and simply a cure for dyspepsia and nothing else.

All physicians recommend them as being the safest, most sensible, most effective stomach remedy on the market.

No dieting or change of habits are required; eat all the wholesome food you care for and take a tablet at each meal, the food will be thoroughly digested, the body nourished, the stomach rested; that's the whole secret of curing indigestion and the whole secret of the success of Stuart's Dyspepsia Tablets; the reason why they have taken the place of after-dinner pills, "stomach bitters," "laxatives" and "tonics."

Stuart's Dyspepsia Tablets are sold by druggists at 50 cts. per package, or he will order them for you if you ask him, as all druggists sell them.

A small sample package of the tablets will be sent free to any address if you will write to the Stuart Co., Marshall, Mich. Also circulars and testimonials.

Of course it's imitated—anything good always is—that's endorsement, not a pleasant kind, but still endorsement. HIRES Root-beer is imitated.

Made only by The Charles E. Hires Co., Philadelphia. A 25c. package makes 5 gallons. Sold everywhere.

The Fort Wayne Sentinel.

There Can be No Doubt About It!

That the Advertising in the WEEKLY SENTINEL

ESTABLISHED 1833. FRIDAY, MAY 22, 1896. PRICE TWO CENTS.

A SAD TALE!

Or How They Socked it to Him.

"Man wants but little here below,
But wants that little long."
At least 'tis true, as all do know,
If the fit of his socks is wrong.
But of all the wrongs he has to bear
And with christian fortitude meet,
In magnitude none can compare
With that of sock discolored feet.
If at night he removes his socks
And finds his feet an inky hue,
His language strong, his good wife shocks
And turns the atmosphere to blue.
His one ambition all else mocks,
And this passion fairly thrills him,
He thinks of him who sold the socks
And his own joy when he kills him.
This hitherto quite upright man,
—A creature now thirsting for gore—
And all this trouble first began
By his mistake about a store,
For if he had but come to us
And bought the kind we always sell,
The wrecked life of this poor cuss
We would not now have had to tell.

The moral of this sad, sad tale
Is plainly seen by every eye—
When you buy socks, you should not fail
To see the mark—"Hermsdorf's Dye."

These goods in all grades, for Men, Women and Children, can always be found at

SABBATH OBSERVANCE.

Christian People Scored for Their Lax Views.

The Presbyterian General Assembly Denounces Sunday Excursions, Ball Games and Bicycle Riding.

SARATOGA, N. Y., May 22.—The second day's session of the Presbyterian general assembly was opened with devotional exercises, led by Rev. George D. Lindsay, of Galena, Ill. The business of the day consisted in the reception of the reports of the special committees appointed in 1895. At the sessions late yesterday afternoon John L. Withrow was elected moderator and when he took the chair this morning he announced some of the standing committees as follows:

Bills and Overtures—Ex-Moderator Dr. Robert B. Booth, of New York.

Judicial Business—Dr. Francis C. Monfort, of Cincinnati, who was appointed in place of Dr. David D. Breed, who was interested in a case that was to come before this committee.

Church Polity—Dr. John R. Davies, of New York.

Home Missions—Dr. Wm. H. Kane, of Bloomington.

Foreign Missions—Dr. Benjamin C. Henry, of Canton, China.

Education—Dr. Everett B. Thompson of Crawfordsville, Ind.

Church Erection—Dr. Wm. F. Jenkin, of Mount Clair, N. J.

Theological Seminaries—Dr. David R. Breed, of Pittsburg.

Ministerial Relief—Dr. Geo. B. Stewart, of Harrisburg.

Aid for Colleges—Dr. Thos. F. Clelland, of Duluth.

Benevolence—Rev. Henry G. Smith, the newly elected professor of theology at Lane seminary, Cincinnati, Ohio.

Other committees were promised for Monday.

The report on the committee on the denominational missionary periodical was made by Dr. McCush, of Philadelphia. It showed successful operation during the year in spite of a slight decrease in circulation. An outline of a Christian training course for young people's societies was proposed on behalf of the periodical, and after some discussion was adopted.

Dr. John Fox, of Brooklyn, reported on the temporalities of the church, recommending a change in the constitution of the church in regard to the office of deacon, and suggested that the property of the church be committed to the board of deacons whenever possible.

On account of a point of law contained in the report on temporalities, it was continued, and made a special order for tomorrow morning. Special reports on new editions of the constitution of the church and of the digest of the deliverances of the assembly were made by the stated clerk, Dr. Roberts. The final report of the morning called forth a warm discussion. It related to Sabbath observance and was presented by Elder Wm. R. Worrell, of New York. The report denounced all work on Sunday; various theories of individual liberty, excursions, ball games, bicycle riding, lax views of the Sabbath, social entertainment and the Sunday newspapers. Christian people were scored for their lax observance of Sunday.

The resolutions, which were adopted, reaffirm former deliverances as to the perpetual binding obligation of the Sabbath. They also commended the efforts made in Sunday schools and young people's societies for the better observance of the Sabbath; appointed the last Sunday in October as a day for the special consideration of the subject, and commended the work of the American Sabbath union and its auxiliaries.

Rev. L. P. Main, of Kearney, Neb., "introduced a resolution expressing lack of sympathy with the criminal prosecution of those persons who honestly and conscientiously observe the seventh day of the week instead of the first," but he met with opposition and his motion was tabled.

JACKSON PARK.

It Will be Turned Over to the Commissioners.

CHICAGO, May 22.—Tomorrow, the wreckers, who have for nearly three years been removing the remains of the great world's fair, will formally turn the grounds over to the Jackson Park commissioners. The only things that remain as a reminder of the grandeur are the art palace and La Ribida convent, both of which are well preserved, the dilapidated German building and the badly soiled statue of liberty. The park commissioners will at once begin to restore the desolate ground to its former beauty as a park.

Ohio trifle over half crop. Prospects in six states averages trifle worse than two weeks ago. Recent rains have been beneficial Kansas and Missouri show slight improvement. Illinois and Ohio no change. Indiana suffered materially from hessian fly and drought. Michigan had excellent prospects but some sections are badly damaged by hessian fly. The crew of the lost schooner arrived here this morning on board the Gratwick. When the collision occurred the schooner's boat was immediately lowered and the eight members of the crew succeeded in getting into it before the Sunrise went down. KNIGHTS OF PYTHIAS.

A New Method of Holding Its Conventions.

Will Divide the Country Into Four Districts, Eastern, Western Northern and Southern.

MILWAUKEE, Wis., May 22.—As an outgrowth of the decision by the national body of the military of the order of Knights of Pythias not to hold any national encampment this year, because of the action of the Western Passenger association, a union encampment of the brigades of Wisconsin, Iowa, Illinois, Nebraska, the Dakotas, and probably several other northwestern states, will be held with the Minnesota brigade at Minneapolis during the first week in September. For this union or division encampment, the city of Minneapolis will carry out all the arrangements intended for the national gathering, including the raising of $5,000 in cash prizes for drills, etc.

A similar encampment will be held about the same time at Columbus, Ohio, for the middle states, and probably another for the southern states at Nashville. Among prominent members of the military department it is believed that this will be the beginning of a general division of the uniform rank into four sections, to be known as the eastern, western, northern and southern, the object being to hold union or division encampments every second year, and a national encampment every fourth year, instead of every three years as at present.

COLUMBUS, Ohio, May 22.—M. A. Bride grand chancellor of the Knights of Pythias of Ohio, being shown the message from Milwaukee says the supreme lodge will meet in Cleveland, Ohio, August 21-31, and at the same time and place the national encampment of the uniform rank will occur. There will not be any encampment at Columbus.

MUNCIE, Ind., May 22.—The thirteenth annual meeting of the Woman's Home Missionary society of the North Indiana conference of the Methodist Episcopal church convened at the High street church yesterday afternoon, with about a hundred delegates in attendance. The president, Mrs G. N. Eldridge, of Anderson, had charge of the devotional service. Mrs G. H. Hill made the welcoming address on the part of the church, and Mrs McCarthy the welcome on the part of the local auxiliary. Mrs. John Sale, of Fort Wayne, made the response. After their speeches the president made a highly interesting address. The following committees were appointed:

Resolutions—Mrs. L. R. Hartman, of Fort Wayne; Mrs. Gregg, of Decatur; Mrs. Lee, of Hartford City.

Enrollment—Mrs. Mitchell, Muncie, Mrs. Burr, Newcastle.

Place of Next Meeting—Mrs. Titus, Elkhart, Mrs. Harlan, Logansport.

Home Missions—Mrs. Keltner, Anderson.

Nominations—Mrs. Freshagh, Anderson, Mrs. Rose, Wabash, Mrs. Studebaker, Bluffton, Mrs. Pannis Richmond, Mrs. Barnett, Logansport, Mrs. Titus, Elkhart, representing each district.

The six corresponding secretaries were selected to frame next year's work.

Mrs. Florence Jackson, superintendent of the Bennett home, Clarkson, Mass., made an address.

Anderson, Wabash and Elkhart are candidates for the next meeting. The convention closes tonight.

EPISCOPAL RESIDENCES

Is the Interesting Subject of Discussion.

The Conference Takes Charge of the Assignments and the Bishops Must Abide by the Decisions.

CLEVELAND, Ohio, May 22.—A struggle for the location of an episcopal residence in the northwest, marked the opening of the Methodist conference today. The location as recommended by the committee was Portland, Ore. The friends of a foreign residence desired to amend by submitting Shanghai, while Tacoma was named also. After much discussion, the recommendation for both Shanghai and Tacoma were laid on the table and Portland was named. This completed the list.

For secretary of the Sunday school and tract society but one ballot was required. On the first ballot Dr. Hurlburt received 276 out of 413 votes cast, thus electing him.

But one ballot was necessary to elect a secretary of the board of education. Those nominated were Dr. Charles H. Payne, the present incumbent; George H. Bridgeman, of Minnesota, C. C. Lashy, of Nebraska and W. N. Brodbeck, of New England. All promptly withdrew their names, except Dr. Payne, and he received all the votes, 367 in number.

The manner in which the bishop shouted the assignment to cities was the cause of a great deal of argument. The committee reported in favor of the bishops selecting their residences in the order of their election, but those who desired to continue in any specified place was to have the right to so remain. Many were the arguments made for and against the latter portion of the report. Various motions to amend were lost and finally Dr. A. J. Kynett proposed a substitute by which the conference should assign the bishops to their residences. By this plan the conference took entire control in its own hands and left the bishops out in the cold. It has been a much disputed question and the debate was spirited.

The test came on a motion to lay the substitute on the table, which prevailed by a vote of 229 years to 169 nays. The report as substituted was adopted.

The election of editor of the Methodist Review was short and brief. Dr. W. V. Kelley, who has served as editor for some time, was nominated and was elected on the first ballot by receiving 265 votes out of 449 cast. The remarkable popularity of Dr. J. M. Buckley was shown when nominations for editor of the Christian advocate were called for. The only name presented was that of Dr. J. M. Buckley, the present editor. Three attempts to suspend the rules and nominate him by acclamation failed by reason of Dr. Buckley's protest against such action. When it was announced that Dr. Buckley had received 414 out of the 440 votes cast, the applause was deafening. From all parts of the hall came cries for Buckley and he finally rose where he was sitting. Shouts of "take the platform" arose, but Dr. Buckley shook his head and attempted to speak. His voice was drowned in the applause and for several moments he tried to speak, but was finally forced to take the platform, where he said he construed the vote to mean "leave to print." It was the most remarkable demonstration of the conference.

MASKED ROBBERS.

They Enter the Residence of Dr. H. A. Duemling.

Overpowered a Young Girl and Then Ransacked the House—A Daring Piece of Work.

Two masked men committed a most daring robbery last night, at the residence of Dr. H. A. Duemling, No. 201 East Jefferson street. They perpetrated their deed and succeeded in making their escape without leaving any clue to their identity.

During the evening Dr. and Mrs. Duemling were out riding their wheels, returning home about 9:30. Before entering the house they stood at a neighbor's gate and conversed with the neighbors for some time, and it was during this time that the robbery occurred. A young domestic of Mrs Duemling was the only person in the house at the time.

It was nearly 10 o'clock that two men wearing masks over their faces suddenly made their appearance in the room in which the girl was sitting. She was dumfounded and frightened at their coming. One man asked where the doctor was and the girl replied that he and his wife were not at home. Then one of the robbers seized the girl and threw her upon a lounge and stuffed a handkerchief in her mouth, at the same time warning her under pain of death to remain quiet. The other robber began ransacking the home in search of booty. Dr. Duemling's desk was pried open and the contents scattered upon the floor. His safe, which stands next to the desk, was attacked but the burglars gave it up without succeeding in opening it.

While the robbers were at work Dr. and Mrs Duemling arrived in the house and their coming scared them away. The villains entered the house through the cellar and left by the same route.

So far as could be learned this morning they secured no booty. They did not have time to go upstairs, where they would perhaps have found a lot of jewelry, etc.

As soon as Dr. Duemling learned of what had happened he called the police and Detective Coling is looking up the case. The girl says that the only thing she knows about the robbers is that one of them had red hair. The job was one of the boldest and most desperate that has been committed in this city in many a day.

INDIANA ODD FELLOWS.

Discuss the Matter of Erecting a New Temple.

INDIANAPOLIS, Ind., May 22.—The Indiana grand lodge of Odd Fellows met with about 1,000 members present yesterday. The chief matter before the grand lodge was the question of erecting a new lodge hall as recommended by the trustees in their annual report. The report was adopted this afternoon and the plan will go through. The following officers were elected: Grand master, J. L. Reinhard, Indianapolis; deputy grand master, R. P. Davis, Fort Wayne; grand warden, Edwin Farrer, Rushville; M. H. Chappell, Knightstown; O. N. Craynor, Muncie; H. L. Williamson, Fort Wayne; G. P. C. Newman, Anderson; J. E. Edmondson, Hammond; J. F. Seward, Columbus; D. S. Searls, Marion, J. F. Lewis, Vincennes, and J. E. Allison, Logansport; grand secretary, B. F. Foster, Indianapolis; grand treasurer, James A. Wildman, Indianapolis; representative to sovereign grand lodge, C. F. Northern, Greencastle; trustee of grand lodge, George Shirts, Noblesville.

Flooded River.

ST. LOUIS, Mo., May 22.—The river is rising steadily because of the heavy rain storms which have swelled its tributaries in this and adjoining states. No damage in this vicinity has been done yet, except the overflow of low lands skirting the river. At Alton, Ill., the flood prospects are becoming alarming. There the river is fairly out of its banks and thousands of acres of low lands are being flooded, with their growing crops. Tenants are moving to higher ground.

MAY FESTIVAL.

Mr. and Mrs. Harrison See "Sampson and Delilah."

The Size and Character of the Audiences Speak of the Excellence of the Performances.

CINCINNATI, O., May 22.—There is no diminution of interest in the concerts of the May Festival association. Their social eclate has been heightened by the unheralded presence of ex-president Benjamin Harrison and his bride. They were naturally the center of attraction, but they were not strangers. Mr Harrison's ancestral home is in the suburbs and Mrs. Harrison's mother spent the greater part of her life near Cincinnati. The managers of the festival are proud of the size and character of their audiences so far, and are especially pleased with the general verdict of delight in the performance of Sampson and Delilah. All the soloists, the orchestra, and even the chorus, are strongly commended for the work done. Only three more concerts remain, in which two new soloists are to be introduced—Klafsky and Corinne Moore Lawson. The advance sale of seats for these has been very large.

HOWLING DRUNKS.

A Washington House Gang on the Streets.

Police Arrest Several of Them and Keep the Patrol Wagon Busy All the Morning.

The disreputable Washington house came into public prominence again this morning. This joint is without doubt one of the worst in the city and it is a burning shame that it is allowed to exist, and more especially so since it is right in the heart of the city, and on one of the most prominent corners on Calhoun street.

For several weeks past a gang of men have boarded at the Washington house. Yesterday they went on a big drunk, or at least a number of them did, and since that time the dive has been ringing. Several of the gang were run in last night by the police and this morning the mayor sent them to jail. This morning a gang of five of the Washington house boarders got drunk again and started out on Calhoun street cursing, swearing and making themselves obnoxious to everybody. Officer Dickson was called to the Washington house about 9 o'clock this forenoon to arrest one of the fellows who was raising a disturbance. Just after the patrol wagon drove away with this one Dickson found another one of the gang on the corner of Calhoun and Wayne streets. He placed him under arrest. The drunken man fought hard and it was necessary for the officer to throw him upon the sidewalk and use him rather roughly in order to keep him until the patrol wagon could arrive.

At that time the wagon had a load of prisoners who were being taken from police court to the county jail. They went on to the jail and left their prisoners and started back to the station. When they reached the corner of Calhoun and Main streets they were met again by Officers Dickson and Aiken, who had another one of the drunken gang. They took the two drunks to the station and locked them up and in a few minutes another call came in and the wagon ran to Calhoun and Main streets again and got the fourth member of the tough crowd. Officer Phipps had arrested him.

The police are keeping a close watch on this crowd today and will keep them off the streets, arresting them as fast as they are found drunk.

NEW POLICEMEN.

Three Appointed by the Board of Public Safety.

John Pageler, John K. Stephens and Patrick Murphy Are the Men—Big Police Court.

Three new policemen have been appointed by the board of public works. The board held a meeting last night for the purpose of acting upon the requested resignations of Officers Bowers, Buechner, Tanner and Lamb. Bowers and Lamb sent in their resignations and they were promptly accepted. Tanner and Buechner did not resign but their resignations were accepted anyway. The board then appointed John Pageler, John K. Stephens and Patrick Murphy on the force and will appoint another one to complete the four at a later meeting.

DRUNKS AND VAGS.

Mayor Scherer had a motley gang before him in police court this morning. There were seven vags and seven plain drunks. Sheriff Clausmeier and his deputies captured five of the vags yesterday evening. They were making things lively at the west edge of the city and a telephone message was sent to the sheriff and he went out with a posse. There were about twenty five in the gang but the officers succeeded in capturing but five of them. The rest made their escape.

The drunks were nearly all laborers on the Swift park electric line. They had a pay day yesterday and a large number of the gang has been on a drunk ever since they received their money. One of the drunks was a fellow who was in the employ of the LaPearl show. It was his duty to watch and keep boys from crawling under the canvas. Yesterday afternoon he got drunk and allowed a number of lads to crawl under upon payment to him of five cents. He was caught at it and locked up. This morning he was fined for being drunk. The entire gang of fourteen prisoners went to jail.

WORRY KILLED HIM.

Henry W. Childs Fails in Business and Dies.

CHATTANOOGA (?) Ohio, May 22.—Word has just been received here of the death of Mr. Henry W. Childs at Washington, this morning. Mr. Childs was senior member of the late firm of Childs, Groff & Co., whose failure three months ago caused such a profound sensation. It is believed that death was caused by worry arising from the failure of the firm.

Childs, Groff & Co. were wholesale boot and shoe dealers, and their failure was due to the embezzlement of a junior member of the firm.

QUAY'S VISIT.

Journeys to Canton to See Governor McKinley.

CANTON, Ohio, May 22.—Senator M. S. Quay, of Pennsylvania accompanied by J. Hay Brown, of Lancaster, Pa., arrived in the city this morning over the Pennsylvania railway at 11 o'clock. Governor McKinley, Mr. Emily Brown (?) received a telegram that Senator Quay would pay him a visit, met him at the station in the modest family carriage. To a reporter on the train Senator Quay declined to talk as to the object of his mission, saying merely that he was paying Governor McKinley a friendly visit. Mr. Brown said he was merely traveling as Mr. Quay's companion and had no knowledge as to the nature of his mission, and that Senator Quay intended returning east at 2 o'clock this afternoon. It is believed here this afternoon that the visit is friendly in every way.

FALLING TIMBERS.

Three Men Crushed, One Perhaps Fatally.

Accident at Grover Hill—Flouring Mill Frame Gets Away From the Men Who Were Raising It.

Grover Hill, a little village of about 1,500 inhabitants, situated on the Findlay, Fort Wayne and Western railroad, about thirty five miles east of this city, was the scene of a bad accident this morning.

A large force of men were engaged in raising the frame work of the new flouring mill of Walsch & Stoltz which is now in course of construction. Owing to some misunderstanding between the men and the foreman of the work regarding some of the moves to be made with the braces, the heavy frame for a moment was allowed to rest upon some weak braces. The braces were not strong enough to support the frame, which fell with a crash, several of the workmen being caught and crushed under it.

The injured were the following:

Phillip Walsch, one of the members of the firm, left arm broken and body badly bruised.

Lawrence Walsch, son of the proprietor, left leg horribly mangled below the knee, right arm broken, collar bone broken and shoulder dislocated. Recovery doubtful.

Daniel Stoltz, the other member of the firm, right leg broken below the knee and injured internally. May recover.

The injured were carried to their homes where they were attended by Drs. C. A. Bray, W. W. Tonker, G. Winters and J. J. Worley. The accident was the worst that ever happened in the little town and has caused intense excitement.

This is the third bad accident that has happened along the line of the Findlay road this week. On Sunday the depot at Baldwin was struck by lightning and destroyed. Yesterday the tile mill boiler at Tipton exploded, killing two men, and an accident at Grover Hill today is the third.

SENATOR QUAY, of Pennsylvania, would like to be the vice presidential candidate on the ticket with McKinley. We have no objection.

THE Laporte Argus, the personal organ of Lieutenant Governor Nye, has formally announced the withdrawal of Mr. Nye from the contest for the democratic nomination for governor. The statement is made that the health of Mr. Nye will not permit of the arduous work of a campaign, and that by the advice of his physicians he will take needed rest.

THERE are now seven Methodist bishops born in Ohio, viz., Merrill, Thoburn, Joyce, Walden, Foster, Cranston and McCabe. The United States could not run things well without Ohio.

ST LOUIS should get the Methodist general conference instead of the republican national convention next time if it wants a stayer. It takes the preachers a good deal longer than one ballot to elect a bishop.

IT is estimated that the coronation ceremonies will cost the Russian treasury $22,000,000. This will interest the tax payers in keeping the czar alive as long as possible to save the expense of his successor's coronation.

IT is reported that a committee of New York republican business men, including manufacturers, merchants and others whose interests are deeply involved in the money question, will visit Major McKinley before the St. Louis convention meets and will ask him in plain terms if he is in favor of maintaining the gold standard, and they will ask him to reply, "Yes," or "No." They want an answer without rhetorical frills or other ornamentation.

SENATOR LINDSAY, of Kentucky, is expected to make an important speech Monday in the senate reflecting the views of the president, with whom he has been in consultation. The topic is to be the duty of congress to make some provision before adjournment for the maintenance of the gold reserve. Senator Linday will speak by authority of the president, and his remarks will, therefore, attract much attention. There is some talk to the effect that the president will follow the speech with a special message on the same subject.

As a means of raising revenue the New York high license law is a pronounced success. Senator Raines, the author of the bill, states that the actual receipts for the first year for license fees will reach three and a half millions, or a half million more than was estimated by the friends of the measure. This is in keeping with the experience with high license laws in Pennsylvania and elsewhere. Original estimates have been exceeded uniformly and the license revenues have become important items in providing funds for state and local expenses. Fortunately high license laws have proved as efficacious in regulating and restricting the abuses of the liquor traffic as in increasing the public revenues, and there is no good reason to expect the New York law to prove an exception to this rule.

THE North American Review has an article on "Men Who Might Have Been Presidents," showing how nearly some who have been elected chief magistrate came to missing that honor, and how very narrowly others and some of them individually greater men, missed it. The writer concludes that in spite of the overwhelming confidence of the republicans, "nothing is more uncertain than a presidential election at any time, and prophecies of political wiseacres are worth little." Four years ago the republicans were almost as confident of success as they are today and yet they were beaten by a great majority in the electoral college. The chapter of accidents in connection with presidential nominations and elections has been full of surprises in the past and doubtless it has many others in store.

Gladness Comes

With a better understanding of the transient nature of the many physical ills, which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge, that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, laxatives or other remedies are then not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, [illegible]

NO GAME TODAY.

And today there is no game at Lakeside between Fort Wayne and Toledo. For some reason, which the people cannot understand, the Fort Wayne team packed their valises and went to Logansport this morning to play a game today with the amateur club of that city. This was a disappointment to the public who wanted to see the game today as advertised. One postponement was enough and two is too much for the people to stand. There will not be half as large a crowd at Lakeside tomorrow as there would have been today and the club's treasury will suffer in consequence.

THEY'RE HERE.

From Jackson, Torreyson's men go to Fort Wayne where they are scheduled for three games with the Cleveland "Farmers." Hoosierville is all agog over the coming games and it is expected that large crowds will turn out. They want to see Toledo defeated above all others. It is needless to say that the Toledo boys are anxious to knock out their high priced rivals down there and will give the Fort Wayne fans a run for their money.—Toledo Bee.

THAT'S THE QUESTION.

Has Toledo struck the greased plank? The team that so handily shut out the Fort Wayne league sluggers and so handily beat Saginaw three straights only a fortnight ago? Two out of three at Fort Wayne this week would dissipate the clouds now hanging over the local base ball horizon.—Toledo Bee.

A HOOSIER PRODUCTION.

Tom Irwin, of Warren, is a pitcher of no mean ability and is known to many Huntington people. He signed with the Indianapolis team as pitcher but was "farmed out" to the Newcastle, Pa., team. He is already a prime favorite with patrons of the game at Newcastle, and his manager speaks in glowing terms of him. His pitching record so far is so much ahead of the average new man that it is almost sensational. He will be in eight games in Fort Wayne this season.—Huntington (Ind.) Herald.

SHOULD GIVE HIM A PHONOGRAPH.

Umpire Sheridan has the oddest voice yet heard here. He cannot make the crowd understand what he means, as he says "Three!" and "Strike!" in almost the same way. The only chance the mob has to understand what Sheridan says is by watching the motions of the catcher and batter. If the catcher kicks it's a ball; if the batsman howls it's a strike.—Chicago News.

BASE BALL

At Lakeside park tomorrow and Sunday. Toledo vs. Fort Wayne. Games called at 3.30.

THE MAY FESTIVAL.

An Unusually Attractive Program Arranged.

The third annual music festival of Fort Wayne, which is to be given at the Temple next Tuesday evening, promises to be an unusually notable entertainment, in that it will present a far greater coterie of famous artists and a more diversified and interesting program than those at any preceding festival.

The directors were offered the services of every artist who is available for oratorio work, and in making the selections they have arranged only for the appearance of those whose musical attainments are of the highest order, one of whom, Ffrangcon Davies, has a reputation in the old world as well as the new, as the greatest baritone of the present generation.

Miss Leo Long the soprano, of this city, needs no introduction to local music lovers, her work has been of the best quality and her success in this class of music is well deserved.

The high standing of the contralto, Mrs. Elizabeth Foresman Bagg and the enviable reputation of the tenor, George J. Hamlin, is an excellent tribute to their ability, and in fact no such an array of artists has ever appeared in Fort Wayne.

Rosenbecker's orchestra, which has been engaged to augment with Reineke's orchestra, is an organization of skilled musicians, under the conductorship of Professor Adolph Rosenbecker, who have been playing together for several years, and who have been the feature of the annual musical festivals, held here the last three years. The chorus, under the direction of Professor Miles, from long training and careful teaching, has reached such a degree of perfection that it undoubtedly excels any chorus of its size to be found in the country.

NEWSPAPER FOLKS

Local Arrangements for the Meeting of the Northern Indiana Editorial Association.

It is the intention of the newspaper people of Fort Wayne to give the visiting brethren a good time when they come to this city on the 10th and 11th of June to attend the annual meeting of the Northern Indiana Editorial association, which is to be held here on those days. To this end a meeting of the representatives of the press of the city was held at the Y. M. C. A. yesterday afternoon for the purpose of making such arrangements as would accomplish the object in view.

W. D. Page was chosen chairman of the meeting and Ellis Searles secretary. Mr. Page read the program which the executive committee of the association has prepared for the various sessions. Then the matter of entertaining the visitors was discussed. Miss Belle Clark, of the Journal, was appointed chairman of a committee to be composed of ladies who are connected with the press of the city, whose duty it shall be to arrange for a reception or other entertainment of the visiting ladies on the afternoon of Wednesday, May 10.

An entertainment committee consisting of Sam Moffat, John T. Dougall and Frank Bildine, was appointed to arrange for an entertainment to be given at the Masonic Temple on Wednesday evening, in compliment to the visitors. The committee has charge of the program and all details.

Messrs. A. J. Moynihan, E. A. K. Hackett and Anselm Fuelber were appointed as a committee on finance. Prof. N. R. Leonard was chosen as chairman of the reception committee. He is to select his assistants. The printing committee, as appointed, consists of W. D. Page, H. C. Rockhill and Herman Bormel.

The next meeting will be held at the Y. M. C. A. next Monday afternoon.

On Wednesday evening, following the entertainment at the Masonic Temple, the Newspaper Union, of this city, will tender a banquet to the newspaper folks at the Wayne club. The Consolidated Railway company has offered the free use of cars on its lines for the use of the visitors during their stay in this city, and will give them an excursion which will be one of the pleasant features of the occasion.

During the summer of 1894 there was an attempt to burn the plant of the Peerless glass factory at Converse, and John Delaney was indicted by the grand jury for arson. He was tried and acquitted, after which he brought suit against the company, claiming $10,000 damages for false imprisonment. During the trial the present week at Tipton a jury awarded him $2,500.

Otin Wagoner, of Huntington, undertook to shoot a cat which was killing his chickens, but he only wounded the animal. Instantly the cat sprang upon him, biting and clawing him about the hands and face, and with great difficulty, and not until he had been severely bitten and scratched, did Wagoner succeed in killing the infuriated beast. Wagoner is nervous over his injuries, fearful of hydrophobia.

MAY STANDISH.

An Actress Who Will Not Be Charged with Ingenious Advertising Methods.

A pretty blonde May C. Standish, has distinguished herself lately in numerous ways. First she threw up a theatrical engagement because she was prevented by modesty from acting a part assigned her and next she instituted suit against the manager of the company.

Miss Standish was engaged by William Newell, representative of William A. Brady, manager of ex-Champion Corbett, to play the part of Georgette in "The Clemenceau Case." After awhile there was a redistribution of parts and she was requested to play Iza, the model whose wardrobe is decidedly scanty. This she refused to

CABALISTIC DOUBLE CROSS.

Explanation of the Mysterious Marks That Alarmed Oakland.

Some industrious canvassers must have been laughing very heartily in their sleeves for the last few days over the scare about mystic marks on doors and doorsteps, says the San Francisco Call. First the prevalence of these signs attracted attention in part of Oakland, and when the story of supposed mystery became public every careful house-keeper across the bay made search for the dreaded signs. Presently, as if impelled by some unknown infection, the marks were epidemic in Alameda and Berkeley.

That was bad, indeed, on the face of it, and consternation spread from the Encinal clear to Pinole. Ridiculous stories of boycotts and evil designs to be carried out through the medium of the door marks helped to inflame some of the timorous-minded people across the bay. It was with dread misgivings that women watched for the marks upon their doors and frequently the discovery was accompanied with a scream like a cry of pain.

"The horrid double cross! There it is!"

"What of it?" paterfamilias would ask.

"Well, the house is to be entered by burglars and robbed, and some of those terrible tramps are to burn it down, and we are to be boycotted or slaughtered."

Timid people on the San Francisco side of the bay felt so greatly moved by newspaper articles on the mystic marks that a general hunt for the double cross was made about the doors and garden gates, and when strange signs were found throughout the mission and western addition the word passed around: "I told you so!" That nightmare of a black lead-pencil mark, the double cross, was there on many a door, staring at the astonished householders like an apparition of some bilious dream.

After all, the mystery was easily explained, although for many there was some dim cause for concern over the double cross, with an initial and dates, or an unmeaning scroll. The cross itself was similar to the character used to indicate number before numerals. It is the trade mark, so to speak, of an industrious set of canvassers who are going through the city for one firm, and it is placed on doors as a notification that the house has been tried. The initial denotes the canvasser and often a date expressed in figures, such as 3-2-'96 is added to tell the day the house was visited.

OFFICIAL INSPECTION.

General Manager Ramsey in the City Today.

The Pennsylvania Freight Agents Entertained Last Night—Wabash and Findlay Auditors in Fort Wayne.

General Manager Joseph Ramsey and General Superintendent H. L. Magee, of the Wabash, are due in this city this afternoon on the annual inspection of the company's lines and property. They laid over last night at the inspection at Toledo this evening. They are being accompanied over the eastern division of the system by Supt. E. A. Gould, Master Mechanic S. H. Doehler, Master of Transportation J. S. Stevens and Trainmaster C. E Wells

THE FREIGHT AGENTS.

The special train bearing the Pittsburg freight agents left at 8 30 o'clock this morning for the east. The party is under the chaperonage of T. J. Foley and it includs the following agents: A. J. Flaharty, Bucyrus; J. R. Reynolds, Upper Sandusky; C. M Mackay, Columbia City, J E Sawyer, South

Montpelier, Ohio, which place they left this morning for Peru, thence to Andrews and this city and will complete Chicago; J. D. League, Upper Sandusky; J. J. Flanagan, Englewood, J W. Burklett, Delphos; E T. Wood, Chicago; W. M. Flaharty, Van Wert; J H. Lones, Warsaw; G A. Dodge, Valparaiso; C C. Smith, East Chicago; W. M Foster, Hobart; J. A. Bell, Hamlet; W. Elber, Wanatah, J. H Young, Hegewisch; A. J. Kurtz, Grand Crossing; J Hoffman, Forest; W. W. Crooks, Ada; W. S Stroupe, Dunkirk and J. E Hanes, Plymouth. Train master J W. Clark, Chief Clerk Robert Learmonth, Freight Agent R B Rossington and Road Foreman A H. Polhamus are also in the party. Last night the agents held an informal meeting in the railroad Y. M. C. A. auditorium.

While they were upstairs the members of the Ladies' auxiliary prepared refreshments for them and when all was ready a messenger was dispatched to invite the visitors down to the reading room, where ice cream and cake were served The inspection tour will end at Crestline this evening. The train is in charge of Conductor Jones, with Engineer A. Johnson at the throttle.

VOTING FOR AN ADVISORY BOARD.

The tickets for the election of members to the advisory board of the Pennsylvania Voluntary Relief association have arrived and the shopmen and other employes are now voting. All the ballots must be in by 6 o'clock on the evening of the 25th inst. W. E. Davis, the present incumbent, and Alfred Durnell, a tinner in the east shops, are the candidates for the office from the western division of the Fort Wayne line.

COST OF CAR BUILDING REDUCED.

The orders for 5 000 freight cars of various kinds, recently placed by the receivers of the Baltimore and Ohio road, were placed at very low prices. Some of the cars are to be built at prices that it has been supposed the work could not be done for, let alone giving builders a profit. The cost of production must have been reduced of late, however, as the works that are to turn out the cars all claim they will make a profit. Competition in bidding for the contracts was very brisk. The Baltimore and Ohio people intended also to place orders for seventy-five new locomotives, but the locomotive works wanted better profits than the car shops and it was decided not to place the orders for engines, but, as a more economical measure, to repair and put in condition some of the old locomotives on hand that can be made serviceable.

George L Bradbury, vice president and general manager of the Brice lines, says he has as yet taken no steps to fill the position of traffic manager of the lines, made vacant by the death of H. C Parker.

John S. Hines, the West Main street plumber, caught a German carp which weighed nine and one half pounds in the St Mary's river yesterday. The preceding day he caught one which weighed eleven pounds.

Repairs and improvements on the Free Methodist church have been completed and that place of worship is now one of the most handsome little churches in the city. New seats have taken the place of the old ones.

Attorneys are taking evidence in the foreclosure suit of the Toledo, St. Louis and Kansas City, but so complicated are the interests that it is thought it will be many years before the courts get the snarls straightened out

Clinton Igler has been foreman of the Vandalia shops and round house at Indianapolis since January 15, 1857, and still holds the position. The absorption of these shops by the Pennsylvania company, it is stated, is likely to leave him without employment.

The Chicago and Rock Island has just built at its shops and put into service a locomotive specially designed for high speed. It was built after plans which, it is believed, will enable the engine to run from eighty to one hundred miles an hour with several cars attached.

William Slater, ex mail carrier, came home from New Orleans last evening. He has been engaged for two years in looking after the interests of government employes who are entitled to pay for overtime. When the work is complete Mr. Slater will settle down in this city.

Yesterday was the anniversary of the birth of Robert Douglass, of the Wabash ticket office, and some of his friends reminded him most pleasantly of that fact. One of the presents received by the genial Bob was a pair of gold cuff buttons, set with diamonds. Mr. Douglass left at noon today for Three Mile Bay, N. Y., to accompany his mother to her home.

Conductors say that it is now as difficult to collect the tickets on a train of four coaches as it was on ten coaches before the mileage book came into so general use. The use of mileage is rapidly increasing, and a much larger percentage of the travel is now carried on that class of tickets than persons who have not investigated would believe.

Foreign roads have fallen into the practice of running cheap excursions for ball games and other amusements. Last month the Caledonian road ran an excursion from Aberdeen to Glasgow, 153 miles, at $1.18 for the round trip, or three and one half mills per mile, and over 1,500 passengers were carried to witness a ball game, and for an extra twenty five cents the excursionists could remain over an extra day.

Supt. C. C. Reynold and the claim agent of the Chicago and Erie road were here yesterday, endeavoring to make a settlement with Mrs John Uran, whose husband was so badly injured in a wreck at Lima, Ohio, last March that he died a few weeks later. The friends of the lady think she has grounds for a damage suit and have advised her to not compromise for a trifle. The Erie officials returned to Huntington last evening.

If You Will Use a Little Reasoning

and not be so influenced by the claim that catarrh is a blood disease, you can easily prove that catarrh is climatic Have you not the severest catarrhal attacks during winter and spring, and have you but little evidence of catarrh during the summer? Yes. Well, this proves it is a climatic disorder, inflaming the membrane of the nasal passages. It is a waste of time and money to invest in blood remedies. The proper treatment is a local application, and the most prompt to cure is that popular remedy, Ely's Cream Balm.

IS YOUR DIGESTION POOR?

A Sample and Full Information Concerning the New Discovery for Dyspepsia Sent Free to Any Address.

A great deal of interest has been excited recently in the medical profession by the discovery of a new preparation, which has made many remarkable cures in cases of dyspepsia and indigestion

This remedy is not a secret patent medicine, but is a scientific combination of pure pepsin and bismuth and fruit salts, pleasant to the taste, in tablet form, and sold by druggists under name of Stuart's Dyspepsia Tablets Dr Erskine who tested the tablets in many cases with marked success, states that they act entirely on the food taken into the stomach digesting it perfectly, no matter how weak the stomach may be; they have no action on the bowels and do not physic, being purely and simply a cure for dyspepsia and nothing else

All physicians recommend them as being the safest, most sensible, most effective stomach remedy on the market.

No dieting or change of habits are required; eat all the wholesome food you care for and take a tablet at each meal, the food will be thoroughly digested, the body nourished, the stomach rested; that's the whole secret of curing indigestion and the whole secret of the success of Stuart's Dyspepsia Tablets, the reason why they have taken the place of after-dinner pills, "stomach bitters," "laxatives" and "tonics."

Stuart's Dyspepsia Tablets are sold by druggists at 50 cts per package, or he will order them for you if you ask him, as all druggists sell them

A small sample package of the tablets will be sent free to any address if you will write to the Stuart Co., Marshall, Mich. Also circulars and testimonials.

Of course it's imitated—anything good always is—that's endorsement, not a pleasant kind, but still endorsement. HIRES Rootbeer is imitated.

Made only by The Charles E. Hires Co., Philadelphia. A 25c. package makes 5 gallons. Sold everywhere.

RAILWAYS AND SHOPS

Remarkable Fast Run of a Wabash Engine.

The First Excursion of the Year—Mrs. Durnell Elected to a Position of Honor.

One of the speediest runs ever recorded in the state of Ohio was made yesterday with the general manager's special on the Wabash. The train consisted of two heavy private cars and a baggage car and was hauled by Engineer John Ross, Fireman Scranton with engine 118 at a maximum speed of seventy three miles per hour. This fast speed was attained between Napoleon, Ohio, and Toledo, and was maintained for a distance of twelve miles when a stop was made to inspect some new eighty pound steel rail the Wabash is distributing on its line. A better idea can be gained of this run when we consider that every mile was covered in forty nine seconds, or 108 feet every second.

WHY FREIGHT BRAKEMEN DON'T WANT PROMOTION.

An Indianapolis railway man is thus quoted in the Journal of that city: "Railway superintendents have learned that baggagemen, brakemen or freight conductors are not anxious to accept passenger conductorships, for the reason that the methods of some of the railroads in dealing with them are causing them to be looked upon as dishonest. I can name several trainmen who have been offered the position of passenger conductor and declined it, saying they were sure of their jobs in the lower position, but any passenger conductor, no matter how honest or careful, is liable any day to lose his position, either through the misrepresentations of a spotter or through some passenger taking umbrage when the conductor was only carrying out his instructions. The conductor is dismissed frequently without explanation, until at present the position of a passenger conductor is not desired by a man who is anxious to keep his job and hold his head up in the world."

THE FIRST EXCURSION.

The excursion season was ushered in today by the First Presbyterian Sunday school, which is picnicing at Eagle lake. The party left on a special train of three coaches, accompanied by the Feeble Minded Institute band. The weather is propitious and no doubt the excursion is being enjoyed by all the participants. The train was manned by Conductor James Rowan, Engineer Ed. McDonald Fireman W. Swope and Brakemen Horace Walton and George Robinson. It will leave Eagle lake on the return trip at 6:30 this evening.

MRS. DURNELL HONORED.

A telegram from Ottawa, received here last evening, conveyed the information that Mrs Chester Durnell has been elected president of the International auxiliary of the Brotherhood of Locomotive Engineers. Mr. Durnell served two years as president of the insurance branch of the order, and filled the office with marked ability.

MINOR NOTES.

Bob Taylor, machinist at the Bass works, is sick.

Fireman R. L. Reed, of the Nickel Plate, is sick and off duty

Wabash Engineer E. C. Irvis, who was visiting here returned to Andrews last evening.

Link Johnson, of the electric works, was off duty today to look after some private business.

Nickel Plate Firemen John Steele and C. Heuser are taking a couple days' recreation.

The present week 500 emmigrants have been taken out of Pittsburg by the Panhandle to go to western points.

Operator George J. Wirth, of the Pittsburg will go to Delphos, Ohio, this evening, to spend Sunday. He will return Monday morning with his wife.

Mr. and Mrs. J. A. Misner and daughter are visiting friends in Chicago. Mr. Misner is a Pittsburg engineer.

Frank DeLagrange and W. K. Lewis, employes of the Anthony Wayne works, are off duty on account of sickness.

Beginning June 6 and continuing until further notice, the electric works will close at noon on Saturday of each week.

H. F. Meyers, of 71 Oak street, had the misfortune to fall and sprain his back badly. He will be unable to work for some days.

Brakeman F. E. Long has returned from Garrett City, where he spent a few days with relatives. He resumed his train duties yesterday.

Chauncey M. Depew, president of the New York Central, says rates are being strictly maintained and that railroad business is bound to improve within the next sixty days

Robert Bartholomew foreman of carpenters at Rhinesmith & Simonson's factory, left this morning, in company with his daughter, Mrs. A. B. Smith, for Canton, Ohio. He will return home next week.

Master Mechanic W. W. Atterbury left for New York last evening, on special business for the Pennsylvania company, which will occupy his time for the next ten days.

The Cincinnati, Hamilton and Dayton road is dismissing some of its oldest passenger men for causes not made public. Edward Farry and John McMahon have received blue envelopes.

One of the new class P engines on the Pennsylvania lines hauled a special train of eight coaches, carrying 280 people, from Pittsburg to Wheeling, sixty six miles, in ninety five minutes.

The Southern Railway company has issued an order prohibiting officers from accepting presents from employes and instructing employes not to make gifts or subscribe to testimonials of any kind

The Railroad Brotherhood of the Philadelphia and Reading held its twenty second annual convention in Reading on Wednesday. The treasurer's report showed that the brotherhood had $150,000 in the treasury.

The Wabash official inspection party broke up at Toledo last night. General Superintendent H. L. Magee returned to St. Louis on No. 5 today and Manager Ramsey will pass through this city on No. 1 tonight, en route to St. Louis.

The news of the death of Miss Ethel Geerken will be received with sorrow by the Pittsburg shopmen, with whom her father, Henry Geerken, has so long been associated. The particulars of her demise will be found in another column.

The son of Nickel Plate Conductor Beidler is lying quite ill with scarlet fever at the home of Mr. Beidler's mother, in Toledo, where the little fellow has been visiting for two or three weeks Mr. Beidler went to Toledo last night

The troubles of the western freight lines over the low freights put in from Iowa points by the Great Western have been adjusted, and right at a time when the general opinion was that they would result in a war between all the roads interested.

Penn township, in Jay county, will vote on a subsidy of $18,000 to the Indiana Central railroad next month. Huntington, Warren, Montpelier Portland and Union City have each voted aid to the road, varying in sums from $25,000 to $55,000

Yesterday the Nickel Plate employes received their monthly wages. The amount distributed among the trainmen was much less than is usual for services performed in April on account of the light traffic which characterized the business of the line for that month

Everything points to the Pennsylvania securing control of the Baltimore and Lehigh Valley and the York Southern railways and then uniting them under the control of the Pennsylvania. The Pennsylvania has made a definite proposition to the owners of the lines.
